

CRITICAL ALERTS

8/14/18

1. Narcotics – PO pain meds first!!

Continuous infusions:

- Fentanyl premix drips are intermittently available, call 2 hours in advance.

PCAs

- Morphine PCAs **available but difficult to obtain**, use alternative pain control when possible

2. Kcentra shortage

- Difficult to obtain with intermittent limited availability. If Kcentra runs out of stock, we will be substituting Profilnine (3-factor PCC) or FEIBA as alternatives for anticoagulant reversal.

3. Spinal Marcaine, Marcaine 0.25% and 0.5%, and Lidocaine 1% and 2%

- Removed from anesthesia trays.
- Once supply depleted, Sencoraine MPF spinal will be substituted.

4. Sterile Water 1000 ml bags

It's Back!! (at least for now)

Hydralazine IV
